ASCB - Cell Biology 2016  
Booth #634

**MT6300H**

**\$15,675.00**

Trinocular Epi-Fluorescence / Brightfield Compound  
Microscope with Quintuple Nosepiece and 100W  
Mercury light source and 30W Halogen Koehler

**MT6200H**

**\$15,465.00**

Binocular Epi-Fluorescence / Brightfield Compound Microscope  
with Quintuple Nosepiece and 100W Mercury light source and  
30W Halogen Koehler illumination.

**TC-5600**

**\$12,320.00**

Trinocular EPI-Fluorescence / Brightfield Inverted Biological  
Compound microscope,  $\infty$  Infinity Corrected Optical System,  
F-200MM with 6V 30W Halogen Koehler illumination;  
100W Mercury EPI-Fluorescence with TC-FL, FL-LHJ & FL-PWJ,  
with quintuple nosepiece and auto voltage sensing power supply

**MT5310H**

**\$4,568.00**

Trinocular Phase Contrast Brightfield Compound microscope  
with Bright 30W Halogen Koehler illumination with quintuple  
nosepiece and auto voltage sensing power supply. Zernike  
Phase Condenser and Infinity Corrected Optical System

**TC-5500**

**\$12,110.00**

Binocular EPI-Fluorescence / Brightfield Inverted Biological  
Compound microscope,  $\infty$  Infinity Corrected Optical System,  
F-200MM with 6V 30W Halogen Koehler illumination; 100W  
Mercury EPI-Fluorescence with TC-FL, FL-LHJ & FL-PWJ,  
with quintuple nosepiece and auto voltage sensing power supply

Please call Meiji Techno @ 1-800-832-0060 or email info@meijitechno.com to locate a dealer near you.
